

EUROAMERICAN
COLLEGE

WELCOME BACK TO SCHOOL!

I would like to welcome you back to the new academic year 2018.

As many of you who attended our closing ceremony in December will know we were recognized by Cambridge University in their publication entitled “Cambridge 800 Innovation” as one of a hundred most innovating schools in the world. The free, downloadable, online eBook version can be accessed at <http://tiny.cc/CUSUInnovation800>.

The individual organisation features can be accessed via the contents page. Our article can also be viewed on the Innovation 800 website at, <http://www.cambridge-strategies.org/euroamerican-college/>.

During the holidays, our IB graduates received their results. We had a 100 percent pass rate.

¡Congratulations to María Fernanda Molina, Kierra Liceti, Brisa Ocampo and Valeria Vargas!

I am sure the whole school community joins me in wishing them all the best for their future studies at university both here and abroad. Many thanks to Carla Piscoya, our IB Diploma Coordinator and the IB Diploma teachers for all their hard work and effort with our Diploma students. I hope to see more students this year taking advantage of this excellent course.

NEW TEACHERS!

This year we are pleased to welcome the following new teachers to our school community:

Israel Ruiz (Head of English), **Michael Williams** (English), **Vince Timpe** (English), **Ruben Cornejo** (Head of PE), **Lucía Rodríguez** (PE), **Luis Carrasco** (PE), **Renzo Pino** (Mathematics), **Cesar Ruiz** (Mathematics), **Marc Jourdan** (French), **Ricardo Salazar** (Music), **Eliza Lazarte** (Primary Tutor), **Flavio Carrillo** (Primary Tutor), **Johanna Albarracín** (Early Years Tutor), **Kristhel Zoeger** (Assistant & Language Support) and **Manuela Cuadros** (Primary Art) who is replacing Inge Voors for two months whilst she is on maternity leave.

The school has continued to invest in professional development for our teachers.

During February we sent teachers to the local ASCIBP workshops for International Baccalaureate training plus some staff attended the “Congreso internacional de educadores” at UPC. Our Early Years and Primary tutors took part in an onsite MATLAB workshop which gave them updated professional development in the teaching of Mathematics. Our SEN teachers also attended a workshop in how to help children with special educational needs. On 20th February we hosted a MYP Job-alike with teachers from Hiram Bingham and Altair. 45 members of our staff, both administrative and teaching received first aid training from the firemen of Pachacamac. The school also continued to give staff training in our intranet computer system called SIANET. **We encourage you to communicate with the teachers through this system.**
